PRIVATE DINING SPACE

Private dining rooms for 14-90 guests

VENUE DESCRIPTION

Gordon Ramsay Steak is a fresh, high-energy dining environment that playfully transports guests from Paris to London. Set within the Paris casino, which is whimsically modeled after the "City of Lights," the restaurant design will celebrate Chef Ramsay and the city of London, where he lives. This innovative concept reflects edgy, exciting and bold designs and will bridge the resort's Parisian theme with Ramsay's British heritage. A perfect synergy as Ramsay's early education took place in the Paris kitchens of famous Michelin Star Chefs such as Guy Savoy and Joël Robuchon. San Francisco-based EDG Interior Architecture and Design, which previously created designs for Rao's and Bradley Ogden restaurants at Caesars Palace spearheaded the design.

Gordon Ramsay Steak offers guests the opportunity to experience the exclusive beef-aging program created under the direction of Chef Ramsay and his culinary team. The menu selections range from the traditional steakhouse fare with delectable cuts of beef to Ramsay's signature fish and chips and Shepard's Pie. This dynamic new addition to Ramsay's profound collection of restaurants offers the freshest seafood to mouthwatering cuts of beef, French-influenced sides and delicious desserts. The restaurant boasts 200 seats between two floors, including the dining room, lounge, chef's table and private dining rooms consisting of 7,500 square feet.

MUST-TRY COCKTAIL

GOODBYE BLUE SKY

Stoli Blueberi vodka,
Chambord Black Raspberry liqueur,
fresh lemon & blackberries with
sparkling wine
